

Tools > Cutting cables and wire ropes > Manual wire rope cutters and heads

Type: HT-TC026

HYDRAULIC WIRE ROPE CUTTER, FOR CONDUCTORS AND ROPES IN COPPER, ALUMINUM, ALDREY, STEEL AND ALUMINUM-STEEL WITH MAX Ø 25MM

Technical information	
Nominal pressure of hydraulic fluid	600 bar
Pressure relief	Manual
Pressure control system	max pressure valve
Hydraulic oil type	ENI ARNICA ISO 32
Recommended PPE	01: Gloves;02: Safety glasses
Head shape	Openable guillotine
Insulated	No
Power supply	Manual labor

Weight and dimensions	
Operating weight	3.2 kg
Dimensions	382x129x82 mm
Maximum dimensions	382x295x82 mm

Certifications and approvals	
REACH	Yes

Logistica	
Minimum packing unit	1
Standard packing unit	1
