

Tools > Crimping tools > Manual crimping hydraulic tools, heads and pedal units

Type: HT131-C

HYDRAULIC CRIMPING TOOL, 130KN, WITH OPEN C-HEAD, FOR ELECTRICAL CONNECTORS UP TO 400 MM2

Technical information	
Compression section range	10÷400 mm²
Nominal compression force	130 kN
Nominal pressure of hydraulic fluid	700 bar
Pressure relief	Manual
Pressure control system	max pressure valve
Hydraulic oil type	ENI ARNICA ISO 22
Head shape	C
Insulated	No
Power supply	Manual labor

Weight and dimensions	
Operating weight	5.5 kg
Dimensions	473x144x76 mm
Maximum dimensions	473x344x76 mm

Certifications and approvals	
REACH	Yes

Logistica	
Minimum packing unit	1
Standard packing unit	1
