

Tools > Crimping tools > Manual crimping hydraulic tools, heads and pedal units

Type: HT51

HYDRAULIC CRIMPING TOOL, 50KN, WITH OPENABLE CLOSED HEAD, FOR ELECTRICAL CONNEC-TORS UP TO 240 MM2

Technical information	
Compression section range	4÷240 mm <sup>2</sup>
Nominal compression force	50 kN
Nominal pressure of hydraulic fluid	600 bar
Pressure relief	Manual
Pressure control system	max pressure valve
Hydraulic oil type	ENI ARNICA ISO 32
Head shape	Openable closed
Insulated	No
Power supply	Manual labor

Weight and dimensions	
Operating weight	2.75 kg
Dimensions	380x130 mm
Maximum dimensions	380x295 mm

Certifications and approvals	
REACH	Yes

Logistica	
Minimum packing unit	1
Standard packing unit	1
