

Tools > Punching > Manual, battery-powered sheet metal punching tools and heads

Type: RH-FL75

HYDRAULIC PUNCHING HEAD, SUITABLE FOR PUNCHING SHEET METAL UP TO 3.5 MM THICKNESS

| Technical information               |                                                          |
|-------------------------------------|----------------------------------------------------------|
| Operating temperature range         | -15÷50 °C                                                |
| Nominal pressure of hydraulic fluid | 700 bar                                                  |
| Pressure relief                     | Manual                                                   |
| Pressure control system             | max pressure valve                                       |
| Hydraulic oil type                  | ENI ARNICA ISO 32                                        |
| Recommended PPE                     | 01: Gloves;Gloves;02: Sa-<br>fety glasses;Safety glasses |
| Maximum round drilling diameter     | 140 mm                                                   |
| Maximum square drilling side        | 138 mm                                                   |
| Maximum rectangular drilling side 1 | 72 mm                                                    |
| Maximum rectangular drilling side 2 | 136 mm                                                   |
| Maximum drilling thickness          | 3.5 mm                                                   |
| Power supply                        | Manual labor                                             |

| Weight and dimensions |               |
|-----------------------|---------------|
| Operating weight      | 1.9 kg        |
| Dimensions            | 163x106x58 mm |
| Maximum dimensions    | 163x106x58 mm |

| Certifications and approvals |          |
|------------------------------|----------|
| Marks                        | CE; UKCA |
| REACH                        | Yes      |

| Logistica             |   |
|-----------------------|---|
| Minimum packing unit  | 1 |
| Standard packing unit | 1 |
